

11-736 S/A

21 SEP 1959

**Honorable Overton Brooks
Chairman
Committee on Science and Astronautics
House of Representatives
Washington 25, D. C.**

Dear Mr. Brooks:

I have your letter of 26 August 1959 transmitting a copy of the Committee Resolution on the Tabulation and Study of Scientific and Technical Manpower and the Committee Print on Scientific Manpower and Education.

This Agency works closely with the National Science Foundation in many areas of mutual interest. While we do not collect and maintain information on U. S. scientific and technical manpower, we may be of assistance in certain aspects of the Foundation's study.

We appreciate your contacting us on this matter and you may be sure that this Agency will be pleased to cooperate in any way possible.

Sincerely,

SIGNED

**Allen W. Dulles
Director**

MEMORANDUM FOR:

THE DIRECTOR

The attached letter for your signature is in response to Congressman Overton Brooks' request that we assist the National Science Foundation in its review of the nation's scientific manpower. We have discussed this with OSI and have alerted OCR.
